Summary

Final-year B.Tech CSE (AI & ML) student with hands-on experience in full-stack development and applied AI. Proficient in Python, JavaScript, React, and Node.js, with strong problem-solving and debugging skills. Passionate about building scalable web applications and intelligent solutions that solve real-world problems.

Vignan's Lara Institute of Technology & Science, India

Bachelor of Technology in Computer Science

November 2022 – Present

GPA: 8.5/10

Relevant Coursework: - Artificial Intelligence & Machine Learning

Hindu College, India

Board of Intermediate Education, Andhra Pradesh

July 2020 – May 2022

GPA: 8.62/10

Experience

Web Development Intern

September 2024 – October 2024

VaultOfCodes [Link](#)

- Collaborated on full-stack web development projects, including a Portfolio Mini Project and the EditCaro Website, using HTML, CSS, and JavaScript to create responsive, user-friendly interfaces.
- Assisted with application testing, debugging, and version control, contributing to improved code quality and efficient team collaboration.

AI & Data Analytics Intern

December 2024 – January 2025

AICTE – Shell – Edunet Foundation [Link](#)

- Completed a 4-week internship on AI, Data Analytics, and Green Skills, gaining hands-on experience with modern AI tools.
- Designed and developed a chatbot using Natural Language Processing techniques, demonstrating applied AI skills.

Projects

Swiftfolio – Dynamic Portfolio Website Generator

September 2024 – November 2024

Tech Stack: - HTML, CSS, JavaScript. [Link](#)

- Built a dynamic portfolio generator with secure login and real-time data management using JavaScript.
- Developed a backend to generate responsive, customizable static portfolio sites, streamlining the creation process.

Weather App

September 2024

Tech Stack: - HTML, CSS, JavaScript, API Integration [Link](#)

- Developed a weather application delivering real-time forecasts by integrating external APIs to fetch dynamic data.
- Designed a responsive user interface to ensure seamless access across multiple devices.

Technical Skills and Interests

Languages: Python, C, Java, JavaScript, HTML/CSS

Libraries & Frameworks: React, Node.js | **Tools & Technologies:** Git, GitHub, VS Code, MongoDB

Soft Skills: Teamwork, Leadership, Problem-Solving | **Hobbies & Interests:** Travel and Culture, Health and Wellness

Internships and Certifications

Certifications

- Database Management Systems** – NPTEL, IIT Kharagpur (Jul 2024 – Sep 2024)
- Introduction to Python & Python Data Structures** – Coursera, University of Michigan (Nov 2023 – Feb 2024)
- Full-Stack Web Development** – Udemy (Apr 2025)

Internships

- MERN Stack Web Applications Training** – EY Global Delivery Services & AICTE (Feb 2025 – Mar 2025)
- Web Development Internship** – VaultOfCodes (Feb 2025 – Mar 2025)

Achievements

- Won **1st place** in 24-hour college hackathon by developing a Grant Proposal and Status Tracker, demonstrating teamwork and innovative problem-solving.
- Top scorer** in Coding Ninja college-level competition, highlighting strong coding and problem-solving skills.
- Completed Microsoft Student Ambassadors Web Development Workshop led by Aadish Bansal.
